

In regards to the Low Power FM, I am concerned that it will disrupt my listening to K-Love radio station. This christian based radio station lets the whole family listen to it without any worry of bad language or inappropriate music. K-Love keeps family friendly radio on our neighborhood stations. If displaced by LPFM would make the possilbilty of no christian music stations around the area. K-love gives an alternative to regular music on the radio.
Thank you, Keith Nagasawa
